

In Acts 9:4, the Lord asked Saul, “Why are you persecuting Me?” Saul was then instructed to go to Damascus to the home of Judas where he would encounter a man named Ananias.

Paul’s salvation allowed him to take on the duties of a “chosen instrument” for the Lord to communicate divine truth to Gentiles of SPQR, emperors of Rome, and the Jews.

The word “chosen” [ἐκλογή (*eklogé*)] refers to Paul’s positive volition to the gospel and resultant “election” while “instrument” [σκευή (*skeuḗ*)] speaks of “service” to the Lord under the power of the Holy Spirit.

Paul recognizes himself as the ultimate recipient of the Lord’s mercy since he was the foremost of all sinners.

1 Timothy 1:12 - I thank Christ Jesus our Lord, who has strengthened me, because He considered me faithful, putting me into service,

v. 13 - even though I was formerly a blasphemer and persecutor and a violent aggressor. Yet I was shown mercy because I acted ignorantly in unbelief;

v. 14 - and the grace of our Lord was more than abundant, with the faith and love which are found in Christ Jesus.

v. 15 - It is a trustworthy statement, deserving full acceptance, that Christ Jesus came into the world to save sinners, among whom I am foremost.

v. 16 - Yet for this reason I found mercy, so that in me as the foremost, Jesus Christ might demonstrate His perfect patience as an example for those who would believe in Him for eternal life. (NASB)

The power of this passage is found in the mercy of our Lord whose perfect patience with Paul becomes the example for those who would believe in Him.

Paul was a perfect example of a person in cosmic-two hatred, in the category of degeneracy. He describes his former self as a “blasphemer, persecutor, and violent aggressor.”

Paul did not cite antinomian self-indulgence in immoral degeneracy since he was consumed with legalistic self-righteousness of moral degeneracy. Degenerate is as degeneracy does. Paul was driven by lust patterns associated with human good.

The Royal Family Honor Code addresses a number of principles associated with the production of the believer who functions inside the bubble with maximum doctrine in the soul.

Romans 14 warns believers of the types of attitudes, opinions, and actions that are honorable and those that are not. The chapter teaches the principle of “free exercise.”

People are free to live their lives without being judged by others over inconsequential things. Those who do so are engaged in moral degeneracy.

5. Demonism.

Principle: Demon possession of a few manipulates the thinking of many through demon influence. It promotes political correctness, multiculturalism, redistribution of wealth, and many other cosmic ideas and strategies.

There are two categories of demon activity:

- (1) Demon influence: The attack of Luciferian strategy and tactics on the volition and mentality of the soul causing demonization of the soul.
- (2) Demon possession: Specific only to the bodies of unbelievers.

Believers are not vulnerable to demon possession because their bodies are indwelt by God the Father, God the Son, and God the Holy Spirit.

Both believers and unbelievers are vulnerable to demon influence, the former when they volitionally enroll in the Satanic Academy of Cosmic Didactics.

Consequently, demons can influence both unbelievers and out-of-fellowship believers by the use of demon telepathy, the communication of the doctrines of demons by those either indwelt or influenced by the lie.

1 Timothy 4:1 - But the Holy Spirit explicitly says that in later times [refers to periods of the Church Age during historical downtrends] some will fall away from the faith [apostate believers who live in the cosmic systems], paying attention to deceitful spirits [faculty of the Cosmic Academy] and doctrines of demons [curriculum of the Cosmic Academy].

Luciferian strategy is the harbinger of the current Zeitgeist of the United States. The key word of the strategy is “change.” This is adopted from Antonio Gramsci’s principle of the “long march through institutions” which requires that the culture be dismantled so change can be instituted in its place.

The loss of thought presently being experienced by a steadily increasing number of our citizens is due to demonic telepathy whereby cosmic concepts are transferred to the soul.

This transfer of thought is accomplished by a person who is either indwelt by a demon or influenced by one. The civil disobedience we are dealing with today is the result of demon influence which is characterized by hatred, anger, and envy and promoted by the purveyors of anthropocentric academic speculation.

This latter category of hatred is the eighth classification of Cosmic Two and is defined as, “Adherence to hypotheses and theories that dismiss the Bible as the absolute source of truth.”

Instead, the demonstrators assert they are victims of racism, police brutality, and social deprivation, where in actuality most are outsiders paid from deep pockets of the Left. The sponsors’ hidden agenda is to stoke upheaval, rebellion, and mayhem that demand social change in order to quell the masses and restore order.

In general, an untold number of believers live in the Cosmic Systems every day. Although saved, they are functionaries for the Dark Side.

These people function from a position of weakness whose poor decisions limit their future options. Rather than return to doctrine they assume their failure is caused by anyone or anything outside themselves.

In reality, these types are receiving discipline from their own bad decisions from a position of weakness. There is no integrity among those in the cosmic systems, especially those influenced by the doctrines of demons.

In the Old Testament, there are passages which speak of the demonically influenced Israelites who deviated from the plan of God and followed the heathen practices of the Gentiles.

The following excerpt has to do with the Jews' involvement in demonism during the trip through the Jornada and their failure to attack idolatrous Canaan and destroy its Gentile inhabitants:

Psalm 106: 34 - They did not destroy the nations [of Canaan], as the Lord had commanded them to do [See Exodus 23].

v. 35 - They mixed in with the nations and learned their ways.

v. 36 - They worshiped their idols, which became a snare to them.

v. 37 - They sacrificed their sons and daughters to demons.

v. 38 - They shed innocent blood—the blood of their sons and daughters, whom they sacrificed to the idols of Canaan. The land was polluted by bloodshed. (NET)

Just as in the time of Israelite reversionism so it is today in client nation America. Millions of people living in Cosmic Two make millions of decisions from a position of weakness that promotes the Luciferian strategy to “fundamentally transform the United States of America.”

6. Cosmic Panaceas.

The English word “panacea” finds its origin in the Greek noun **πανάκεια (panákeia)**: “universal remedy” and its derivative **πανακής (panakés)**: “all-healing.”
